

Held Over.

On Monday last Luther White was arraigned before Judge J. Dan Moore charged with larceny. He was bound over to the April term of the Circuit Court.

Country House Burned.

The tenement house of Mr. Alfred B. Read, near Bridgeport, was burned on the evening of Friday, March 10, under rather peculiar circumstances. A man by the name of Geo. T. Cook had the house rented, his rent expiring March 1st. He did not, however, move out until about 10 o'clock of the day the house was burned.

That afternoon Mr. Read and Mr. Cardwell, an employee, went to the house and placed some benches, chairs and tables in it, so that Mr. Read's daughter could teach a school there, to commence the Monday following. They also hauled, cut up and put in the house a supply of wood. When they left there was no fire in any part of the house.

Before 8 o'clock that night the house was burned down. It is generally believed it was an incendiary fire.

There was no insurance on the house and the loss was about \$250.

Is Baby Too Thin?

If so, there must be some trouble with its food. Well babies are plump; only the sick are thin. Are you sure the food is all right? Children can't help but grow; they must grow if their food nourishes them. Perhaps a mistake was made in the past and as a result the digestion is weakened. If that is so, don't give the baby a lot of medicine; just use your every-day common sense and help nature a little, and the way to do it is to add half a teaspoonful of

SCOTT'S EMULSION

to the baby's food three or four times a day. The gain will begin the very first day you give it. It seems to correct the digestion and gets the baby started right again. If the baby is nursing but does not thrive, then the mother should take the emulsion. It will have a good effect both upon the mother and child. Twenty-five years proves this fact.

Strawberry Festival and Sun Bonnet Bazaar.

What more beautiful combination can exist than Strawberries and Sun Bonnets? They remind one of a lovely girl with the roses of Earth upon her cheeks and covering of Heaven upon her head. Such an Association is calculated to melt the hardest heart and awaken the liveliest interest in the most obdurate, as it likewise whets the appetite and arouses the ambition of the greatest epicure. Strawberries and Sun Bonnets,—let this be the motto of the bright and beautiful and brave, and Victory will always crown their efforts.

Strawberries and Sun Bonnets, lovely and sweet
One for adornment; the other to eat;
One we can eat and the other adore;
And when we have finished we'll still cry for more.

The ladies of the First Pres-

byterian Church will give a Strawberry and Sun Bonnet Festival in the Parlors of their Church early in May (or as soon as the berries are ripe) to which all are cordially invited.

Resolutions of Respect.

HALL OF CAPITAL LODGE
No. 6, I. O. O. F., FRANKFORT, KY.

We your committee appointed to draft resolutions of respect to the memory of our beloved brother, Julius Luscher, who departed this life on the 7th day of March, submit the following:

Resolved, The Creator in his wisdom has seen fit to remove from our midst, our worthy brother and kind friend, who was a good neighbor and one who will be greatly missed by all classes of this community; therefore, be it

Resolved, That in his loss we recognize that the sorrow which has befallen us is one not altogether beyond mitigation, since God has ordained it and we bow as becomes us to the Supreme will.

Resolved, That the true, brave and devoted one has gone, his memory lives, with us. Our sympathy goes out to his loved ones, who have been left behind him, and, as the bud that blooms in secret, we trust that the aroma of our love shall be with them always, and every where, and we would bid them look upward for consolation, ever remembering that the departed one has gone on before and awaits a re-union in the sunny clime above where sorrow and death never come.

Resolved, That a copy of these resolutions, under seal of the Lodge, be presented to the family, and that these resolutions be spread upon the minutes of this Lodge and published in the **ROUNDOABOUT** of this city.

Respectfully submitted in F. L. & T.

C. A. NELSON, Chairman.
W. B. BRIDGEFORD,
W. S. DEHONEY.

Crout Creek.

There are many tobacco beds being burnt in this community at present.

The young doctor says he has a very bad case on Mike Branch, but, with careful attention, he thinks she will recover.

Mr. Floyd Phillips has quit singing on Goose Creek.

Mr. Charley Rodgers called on Miss Lizzie Allison Wednesday night. Look out, Less, Charley is a hustler.

Mrs. Henry Allison visited the Hon. Willis Rodgers Monday last.

Miss Edna Lee, who attended the singing Sunday night, was taken suddenly ill and the doctor had to be called, but we are glad to say is much better now.

Mr. Willie Chism came in contact with a terrible wind storm, up at Mr. Tom Pulliam's Saturday night, but Willie will never let the wind blow him away.

Miss Mattie Allison went on Monday last to visit her future home, near Dry Ridge.

Mr. T. R. Moore has got to be a fine artist, especially on beech trees.

Wonder when Mrs. Catherine Allison will set her youngest son, Virgil, out.

Mr. Budge Harrod says he knows the funniest thing in the world. Wonder what that can be?

When the Professor goes to see his sister, Florence, he goes around by Lebanon Ridge, I suppose he wants to ride on the new pike.

SUMMER ROSE.

House for Rent.

Pea Ridge.

Quite a number of tobacco beds have been sowed during the past two weeks.

Mrs. Sam Tracy returned from a visit to Christiansburg Friday.

Mr. Will Crutcher shipped four hogsheds of tobacco to the Planters House, Louisville, this week.

The continued rainy weather, after the long cold spell, has set our farmers back.

Bills are posted here of a canning company offering for tomatoes, per bushel, twenty cents; beans, twenty-seven; and peas, thirty cents. Then follows a lot of advice that amounts to nothing, about what a lot of money a farmer can make because he can grow on an acre of land 500 bushels of tomatoes, or 200 bushels of beans, or 150 bushels of peas, and raise two crops of beans and peas each year.

Those people who regard Lexington as the abode of terrors will now have a different notion, as a recent grand jury could only find one person who carried a pistol and he was promptly sent to the pen for three years.

The action of the Commissioners in locating the School of Reform at Lexington meets with universal approval, for, if there is any place that needs reform, or a school to learn it in, or furnish material to fill it, its Lexington.

Our roads are in a frightful condition. The heavy rains have washed out even the bed rocks. We have hundreds of thousands of dollars worth of property in the county being washed away. In some cases five dollars in repairs now will save a hundred in the near future. We must have a competent road-maker. The patching now being done amounts to nothing. It's a patch today and a wash away to-morrow. Our county is liberal for repairs, but so much is wasted for lack of proper direction. We ought at once to call a "good roads convention," to meet at the court-house, composed of citizens from each voting precinct, to adopt ways and means to protect and repair our roads.

Mr. M. Hardiman, a Lexington contractor, who was well known in Frankfort several years ago, has the contract to build the court-house at Morehead, and, while searching for ground suitable for brick-making found a large vein of asphalt, valuable for street making. With other capitalists he has secured an option on a thousand acres of ground, and, since then, has had offers from a Pennsylvania syndicate amounting to half a million.

Our schoolhouse needs repairing or there will be no more teaching in it. There is a move being made to take one-half of our district and give it to Choateville, the other half to be given to Bridgeport. What with creeks to cross, distance, &c., our people would be without school privileges, besides being one teacher less in the county.

Mr. Will Tracy, who has been sick all winter, is much better.

Dr. Cady's Condition Powders, are just what a horse needs when in bad condition. Tonic, blood purifier and vermifuge. They are not food but medicine and the best in use to put a horse in prime condition. Price 25 cents per package.

I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned.—Josh Edgar, Germantown, Cal. For sale by J. W. Gayle.
